Babson Reviews Transportation

(Exclusive NEWS Feature)

Roger W. Babson

Theoretically going back millions of years, evolutionists claim that our earliest ancestors transported themselves by wiggling their tails in the water, finally developing legs from their fins so as to walk on dry land. Assuming these scientists are right—although they may not be—then these lizards finally developed into human beings whose method of transportation was by feet.

Changes Always Occur

As our ancestors became tired of always walking, they used sleds hauled by tamed animals and made canoes out of hollowed logs, which they finally developed into sailing vessels. This was the state of the art when North America was settled. Carts with wheels developed following sleds.

When I was a boy the only means of transportation was horses and buggies, wagons, barges and "hacks" which took people to weddings and funerals. Railroad lines were rapidly being constructed and steamboats performed an important function. Fares were cheap and freight rates low on all these modes of transportation. Although changes and improvements were very gradual, yet they were continually taking place.

Streetscars and Busses

I saw the first horse car line constructed in Gloucester, and later one of my first jobs was to work on changing that horse car line into an electric line. I remember being greatly thrilled by taking my wedding trip on electric streetcars with various changes.

Fifty years ago the entire country was honeycombed by electric car lines, most of which have been discarded. The early promoters of these electric lines made a lot of money, but when automobiles came most of them lost their money.

This change brought about the development of bus transportation, both within the cities and between the cities. The only way most electric car lines could compete with automobiles was by ripping up their rails and operating on rubber tires. As a result, the public is now getting better service from these busses than they ever had from streetcars or horse-drawn hacks, which, incidentally, developed into motor-driven taxis. In the meantime, railroads were forced to greatly improve their service with faster, air-conditioned trains.

Transportation Conditions Today

Today transportation is no longer a luxury. Not only are all the above means competing with themselves, but the trucks and private automobiles are competing with all of these other branches of transportation. Furthermore, the airplane is constantly carrying more passengers and more freight. The next step will be to the helicopter. In fact, I have recently bought a high, flat-roofed building in Boston with direct subway connections, to serve as a landing place for helicopters.

Have we reached an end of radical changes in the transportation of persons and goods? I say "No." What the next step will be none of us can now tell. Some think it will come through a new engine using atomic power. Others believe that we will return to running busses and motorcars by electric storage batteries instead of gasoline. The electricity might be made very cheaply from the rays of the sun shining on the roofs of our garages. (In Miami the hot water used in homes is heated by the sun on the roofs of the houses.)

Remember Power of Gravity

I believe that the power of gravity someday will be used to transport people and freight. The Gravity Research Foundation, with headquarters at New Boston, New Hampshire, already offers rewards each year for essays on "How to Harness Gravity." The 1952 awards were just made and are suggestive of great changes ahead. Surely the future is very bright for all of us if other industries develop as is the transportation industry.

DeMolay Dance Held On New Year's Eve

Members of Arlington Chapter of DeMolay and their friends welcomed the New Year at a dance and party held at Park Avenue Congregational Church last Wednesday evening. About 40 couples danced to the music of Dick Madison's orchestra in the gaily decorated hall, and all agreed it was a fine way to spend the holiday eve.

Ted Martin was general chairman, while Buzz Fleming was in charge of the tickets and David Ryder had charge of the decorations and favors. Members of the advisory board and their wives served the refreshments.

The Master Councilor-elect, Richard Van Iderstine, announced that Saturday evening, January 10th is the date of the next installation, which will take place in the Town Hall at 8:00 o'clock. In addition to the usual ritual, the DeMolay majority degree will be performed for the chapter's older members who have attained 21 years of age. All are cordially invited.

East Arlington Branch Library Has Big, Successful Open-House

Crowd Stays Long After Closing Hour

Open House at the newly-re-modeled East Branch Library attracted a large number of Arlington residents on New Year's Day between the hours of 4:00 and 8:00 p.m. Among the visitors were many residents of East Arlington, including many eager boys and girls and young people who evidently had missed the use of the library while it was closed for alterations. Taxpayers from other sections of Arlington, interested in the enlarged library facilities, also attended the Open House and toured the library.

Visitors were most enthusiastic over the changes which had taken place. The new branch is now three times as large in size as formerly, with separate sections for children and young people and ample space for adults. The atmosphere created by the light-colored woodwork, the light green walls, and the colorful Paul Revere draperies is one of informality and quietness, at once inviting and stimulating.

Roscoe O. Elliott, chairman of the Board of Trustees, was on hand to greet the visitors, as were the other trustees—Frances Keefe, Mark W. Bradford, Mrs. E. Warren Heaps, Jr., and F. Stanley Glynn, Jr. Also present were Mrs. Evelyn Colcord, Branch librarian, Miss Judith Stromdahl, head librarian, and Mrs. Muriel Chandler of the Main Library. Mrs. Evelyn Colcord is a graduate of the School of Library Science, New Jersey College for Women, and a member of the Robbins Library staff since January 1950.

The Branch will be open a number of additional hours as a result of public demand. The new schedule of hours is as follows: Monday, Wednesday, and Friday 1:00 to 6:00; Tuesday, Thursday, and Saturday 9:00 to 12:00 and 1:00 to 6:00.

It is anticipated that the new facilities and the improved book collection will provide increased service to the reading public of East Arlington.

Married December 27

Mrs. Paul A. Judkins

On December 27, less than two weeks ago, Miss Cynthia Hope Larsen, daughter of Mr. and Mrs. Einar T. Larsen of Arlington and Stow, was married to 2nd Lt. Paul A. Judkins, Jr., son of Capt. and Mrs. Paul A. Judkins of Brooklyn, N. Y. and Deerfield, Maine. The wedding was solemnized at the Larsen home, 113 Gray St.

Mrs. Judkins is a junior at Boston University and Lt. Judkins, a graduate of the University of Maine in 1952, is stationed at Fort Benning, Georgia.

Wm. Patterson Is Candidate For Selectman

William S. Patterson of 24 Stony Brook Rd. has taken out papers for the office of Selectman for the two-year term, it was announced earlier this week. Those sponsoring him feel he can give executive experience and business knowledge to the job.

Mr. Patterson has been a resident of Arlington for the past 28 years. He established the William S. Patterson Co. at 6 Schouler Ct. and was a pioneer in the manufacture of individual tea bags. Most of the tea bags used today are made on high-speed machines of his invention. The Patterson Co. was sold in 1951, at which Mr. Patterson retired.

The new candidate served as chairman of a Boy Scout troop for five years and has been a Den Father for a Cub Pack for three years. He was one of the original group that established the Community Chest in Arlington and served on the Town Finance Committee from 1938 to 1945, which group planned and developed the five major playgrounds of Arlington. Mr. Patterson instigated the taking of land on Summer St. (now the Summer St. playground), helping the Town avert a costly and almost impossible sewer installation.

During World War II, Patterson was chairman of the War Service Committee, which kept in touch with Arlington persons in the armed services. Recently he was chairman of the committee which raised money for and built the newest wing of the First Baptist Church. He is a veteran of World War I and a long-time member of Post 39, American Legion, He and his well-known wife, Sue Patterson, have a son Stewart, who is attending school.

Patterson is interested in the Town Manager plan, thinks it should be given a fair trial, and would like to do his share in bringing it about.

Recruits Needed By Philharmonic Chorus, Orchestra

New recruits for the orchestra and chorus of the Arlington Philharmonic are especially invited to be present at the next rehearsal. The chorus rehearsals Mondays at 7:45 in the Town Hall. On Tuesdays at 7:45 the orchestra meets in the High School Auditorium.

There are places for all types of voices in the chorus. Particularly needed at this time in the orchestra are bassoon, wood winds except clarinet, brass, viola, and cello.

The Philharmonic is preparing to present the Mozart "Requiem" and the Brahms "Vienna Overture."

4th Degree K. Of C. Has New Year Party

The 4th Degree Knights of Columbus held a successful New Year's Eve party last week, with William F. McDonald and Thomas Keefe as co-chairmen.

Nearly 100 people attended, and the orchestra played from 9:00 p.m. to 2:00 a.m. Shortly after midnight, amid favors and noisemakers, a buffet luncheon was served.

The organization of 4th Degree Knights was formed last year with 20 charter members, the total number eligible in Arlington. John F. Scott was elected president, Nicholas P. Ryan, secretary, and William F. McDonald, treasurer.

The aim of the new fraternal club is to offer aid to certain civic projects, to advance a helping hand when needed, and to offer to its members a few social gatherings throughout the year. It will hold at least four meetings annually.

Wins "Life Size" Candy Cane

Here are the donor and winner of a "life size" candy cane which was on display for several days before Christmas in the window of the Hutchinson Candy Store, 791 Massachusetts Avenue. They are Jesse Hutchinson, owner of the store, and Mrs. Chester G. Burnham of 32 Draper Avenue. The big peppermint cane with the barbershop stripe was given to Mrs. Burnham for being the store's customer to come closest to guessing the weight of the cane. Her guess — which was 100% accurate — was 17 pounds, 15 ounces.

Dime Folders Being Mailed To Aid Polio

Good Return Hoped For

The Arlington March of Dimes headquarters was a beehive of activity this week as youngsters from the Girl Scouts and Boys' Club, as well as adult volunteers, sorted, folded, inserted, stuffed, stamped, and sealed almost 13,000 of the famous March of Dimes Cards. The cards previously had been addressed by employees of the Arlington Gas Company.

Cards were mailed to all local residents yesterday, and the local committee now awaits their return with hopeful expectation. Francis A. Coughlin, Jr., chairman of the Dime Card Committee stated that last year 22% were returned. This was above average for eastern Massachusetts but local Drive officials say they are curious as to why so many people neglect to put their dime—even a few—into their envelopes and return them to help Arlington's 21 polio victims. Four out of five Arlingtonians must throw them into the wastebasket, says the Arlington Drive leaders.

Now Postage Pre-Paid
This year, to simplify the return of the cards, the local committee has arranged for a business reply permit so that cards may be returned without postage. Mr. Coughlin stated that a greater return is hoped for under the new system.

Town Manager Group Meets

The Committee of Citizens for Town Manager met at 8:00 p.m. last night in the home of Mrs. M. H. Anderson, 59 Old Mystic St.

The committee, which was active in promoting the acceptance of the Town Manager plan in the September election, discussed plans for observing the operation of the plan and for keeping the public informed on developments.

LEGISLATORS ARE PRESENT FOR TRANSIT DISCUSSIONS

Motions Made For Inclusion In Warrant

In a lively, many-sided session attended by Senator Robert Campbell and Representatives Henry Keenan, Hollis Gott, James Doncaster, and Joseph McEvoy, the Arlington Chamber of Commerce — on Tuesday evening at the Boys' Club — discussed many topics on which hinge the future prosperity and well-being of Arlington. They included:

1. Extension of MTA subway service to Arlington.
2. The study and improvement of Arlington business areas.
3. The building and/or relocating of Russell School.
4. The need for additional parking facilities to stimulate Arlington business and keep trade from going elsewhere.

Other topics receiving consideration included the Christmas lighting project of the Chamber, the annual meeting of the body (set for February 10), and the insertion of articles in the Town Warrant.

Problem Of The MTA

Much of the early part of the meeting was taken up with a consideration of the extension of subway service to Arlington, and Rep. Keenan, gave a full talk on the present status of the problem, saying that the Metropolitan Transit Authority is now in the process of making a survey of possible routes for the extension. Top cost of the survey is set at \$250,000, he said, and, though extension to Lexington is not in the near future, the MTA survey is considering Lexington in its planning.

Butressing his talk with two large maps and with photographs and charts, he pointed out the areas being considered for the proposed MTA terminus — near the Arlington-Cambridge-Belmont line. Parking areas would be provided at the terminal and, presumably, commuters would drive to the station, leave their cars all day, and proceed via MTA into Boston.

Mr. Gott added words of caution to the MTA discussion, saying that financial soundness must accompany such expansion or the system would be completely bankrupt. "Mr. Dana (of the MTA) has a terrific headache with transit finances, and there just is no way to continue extending service until some means is found to increase subway travel and MTA income."

Keenan countered with the idea that the MTA, to avoid "dying on the vine," must aggressively go after new business, reach its service into populous areas, and offer faster service than people can get from their own cars.

"Center" Plan

With transit out of the way, Leonard Wood, Chamber president, turned the chairmanship of the meeting over to Vice-President John Easton and presented his ideas on an over-all plan for the Massachusetts Ave.-Mystic St. area, suggesting that a new business district, complete with a big department store, would mean new life for Arlington business. He further suggested that the Russell School reconstruction should not be on the present site but that the area should be used for a parking area.

(Continued on Page Two)

Parking Plan Is Discussed

Asserting that "if there isn't enough business-section parking, space by 1958 our town can resign itself to death by strangulation," George A. Harris, before the Chamber of Commerce Tuesday night, started action toward joint effort of the townspeople and the Chamber to provide an expansion of parking facilities.

"Parking in any of Arlington's business sections presents a serious threat to Arlington's ability to maintain itself as a shopping center," Harris said. "The facts are that the Chamber of the town of Arlington right now should be fighting for their economic life. Our situation is a result of the establishment of the many suburban shopping areas in which ample parking space for thousands upon thousands of patrons is provided."

Set Up Committee

Under Harris' plan a "parking committee" would be established—comprising town meeting members, town officials, and merchants who reside here—to work out a solution. Funds for the projects would be raised through a "betterment tax" to be shared by businessmen who benefit from the parking space provided.

Motion Passed

Five members would be from the town meeting, member roster, plus town officials, and four would be businessmen named by the Chamber of Commerce but appointed by the Town Moderator along with the others. The committee would conduct surveys and prepare plans necessary to the solution of the parking problem in the business districts and to make recommendations to the Board of Selectmen and to the town meeting. His idea that the plan be a motion, together with provisions for a complete business-area survey, and was passed by the Chamber.

Stated Harris: "This matter no (Continued on Page Two)"

for the potential shopping center. At his suggestion, a motion was passed that an article be inserted into the Town Warrant calling for a study of the proposal.

The Chamber also went on record as being opposed to construction of a new school at the Russell School site at the present time.

Parking Plan

(Continued from Page One)

longer is a non-solvable problem. It has been experienced in many cities and towns throughout the country. All of these municipalities have problems identical with the problem here in Arlington. I suggest that all business properties within three areas—the Heights, the Center and East Arlington—be known as the business district. The Heights should be bounded by the Carbars through to Summer Street and on Massachusetts Avenue and Park Avenue as presently zoned; the Center area should be zoned from Bartlett Avenue down Massachusetts Avenue as far as the American Legion Hall and deepen the area from Mystic and Medford Streets to Chestnut Street plus all of the area from Mystic Street to Mill Street back to Summer Street; the East End should be as it presently stands.

"Betterment Tax"
Within this threefold area it is my suggestion that owners of all commercial properties enter into an agreement with the Town of Arlington to assume a betterment tax ranging up to 25 per cent of anticipated increased revenue to help amortize an amount of money necessary to erect parking areas within the business confines. The tenant must in his own turn, because he benefits from parking, agree to assume his proportionate share of the costs of the assessment. When the owners, merchants and tenants do finally agree, the town on its part must be bound to bond and raise sufficient money to provide the required parking facilities.

"Let it be understood that this betterment tax will apply only to business properties and not one cent of tax placed upon any residents in the Town."

"It is elementary to say that this betterment tax might, in its own turn, be deducted from certain other taxes that the merchants must pay, thereby obtaining the necessary parking facilities without the actual outlay of cash. This betterment assessment should stay in operation until all necessary facilities are provided."

"I further suggest, to more quickly amortize the loans, that it

Pleasant St. Group Chooses Officers For Coming Year

The annual meeting of the Anna Bradshaw Guild of Pleasant Street Congregational Church was held on Monday afternoon in the church vestry. Members of the executive board were hostesses for the social hour preceding the business meeting, which was conducted by Mrs. Harold B. Wood, outgoing president.

After annual reports of officers and committee chairmen, the following slate of officers for 1953 was elected: president, Mrs. Andrew A. Magnus; 1st vice president, Mrs. James W. Daily; 2nd vice president, Mrs. Kenneth M. Barney; recording secretary, Mrs. Ralph B. Lancaster; assistant secretary, Mrs. Gordon P. Thompson; treasurer, Mrs. Glenn E. Owens; assistant treasurer, Mrs. Clarence A. Russell; auditor, Mrs. Robert C. Clifford, Jr.; Good Cheer chairman, Mrs. Harold M. Dorley; House Committee, members of the Unity Group; program chairman, Mrs. James W. Daily; publicity chairman, Mrs. Frank E. Carlson; social chairman, Mrs. Leonard D. Wood; assistant, Mrs. Robert L. Moore; member of nominating committee, 3 years, Miss Dorothy P. Greene; pianist, Mrs. Clifford B. Cronan.

Rev. John A. Heidt showed a motion picture, "Blueprint for the Future" in explanation of the national Congregational Church Loan Society fund drive, after which Rev. Paul A. Sheldon of Reading, former pastor of the Park Avenue Congregational Church, discussed the project.

Spy Ponders To Meet Jan. 14 At Boys' Club

The monthly meeting of the Spy Pond Rod and Reel Association will be held at the Arlington Boys' Club Wednesday January 14 at 7:30 p.m. A topic to be discussed will be whether or not the Association should join the Middlesex County League of Sportsmen. Members at the December meeting heard Henry Hanson, secretary-treasurer of the County League, explain the functions of the League.

Also to be discussed will be plans for a banquet to be held in the early spring. This will be the first such event attempted by the Association and, from opinions expressed by members, should prove a popular occasion.

The youth program of the Association also will receive considerable attention.

All sportsmen in and around Arlington are invited to attend this meeting, say members of the Association.

Mile of Dimes on 23rd

The March of Dimes announced this week that a special Mile of Dimes will be held in Arlington Center on Friday night, January 23rd under the sponsorship of the Arlington Boys' Club. Last year the Boys' Club raised over \$100 on a Saturday afternoon.

A group of Alderson-for-Selectman workers met at the Alderson home Tuesday night to organize for the coming campaign. Chairman of the Alderson committee is Wallace Gorton, with LaVerne Anderson as vice chairman, Mrs. Charles R. Thomas as secretary, and Harold N. Anderson as treasurer.

Knights Of Pythias Offer Scholarship

A \$1000 dollar scholarship to any college or university selected by the student winner is the first prize offered by the Knights of Pythias for the 8th annual nationwide public speaking contest conducted by the Supreme Lodge Knights of Pythias, according to an announcement just made by Paul E. Siegmund of Dudley, grand chancellor of the Grand Lodge, domain of Massachusetts. The second prize is a \$500 scholarship, with four other winners receiving a \$250 scholarship. The Grand Lodge of Massachusetts is giving \$100 to the state winner.

The subject to be discussed by all contestants is "Highway Safety and How to Attain It."

The contest is open to all boys and girls in the United States, Canada, Hawaii, and Alaska who are regularly enrolled students in high schools or parochial or preparatory schools of high school rank. First prize winners in previous international finals are ineligible.

All speeches shall be limited to 10 minutes, with one extra minute of grace. All initial elimination contests shall be held on or before April 30, 1953. The final contest will be held in August at St. Louis, Missouri. Traveling expenses for the contestants or their alternates will be paid by the Pythians.

Boys and girls desiring to enter the contest should make application to the nearest subordinate lodge of the Knights of Pythias or to Walter G. Yetman, contest chairman at the Knights of Pythias headquarters, 389 Commonwealth Avenue, Boston. Since 1947 these contests have been approved by the national contest committee of the National Association of Secondary-School Principals.

Spy Pond Group Tells Purpose

Joseph Donnelly, president of the Spy Pond Rod and Reel Assn., this week sent a well-written letter to The News, together with the opinion that citizens of Arlington should become better acquainted with his organization and its work. The letter, which should interest many persons, reads as follows:

"There are, no doubt, a great many people in Arlington who do not fully realize the importance of having such an organization as the Spy Pond Rod and Reel Association within the town. I would, therefore, thru the medium of your paper, like to set forth a few of our aims and achievements with the hope that when they are fully known by the citizens of Arlington, we will receive the support and co-operation of a greater number of people.

"First of all, it should be pointed out that the membership of our organization is made up of people from every walk of life—doctors, lawyers, carpenters, firemen, accountants etc. For the most part they reside in Arlington. However, we do have members from Medford, Cambridge, Somerville, Lexington, Waltham and other nearby cities and towns.

"Just what is our purpose? That can best be explained by stating our declaration of purpose as set forth in Article Two of our By Laws. Said Article reads: 'The purposes of this Association are: To conserve, restore and manage fish, game and other wild life and its habitat at all points in the Commonwealth, especially at Spy Pond and its environs; to cooperate in obtaining proper respect for, and observation of the Fish and Game Laws of the Commonwealth of Massachusetts; to promote and maintain friendly relations with land owners and other sportsmen; to seek to procure better hunting and fishing for all and as far as possible to spread a knowledge of useful wild life among the residents of the Town of Arlington and the surrounding cities and towns.'

"It has often been said that 'actions speak louder than words.' This we believe to be true and therefore we have gone about trying to put into effect the principles we believe in.

"We stand ready and willing, at all times, to cooperate with the State Department of Conservation, Division of Fisheries and Game, County and Town officials in an effort to make Spy Pond more attractive to sportsmen and the general public. It is a shame that this fine body of water has been neglected for such a long period of time.

"Next spring the Division of Fisheries and Game have agreed to do some salvage work at Spy Pond. They plan to eliminate by the use of nets, as many carp and other 'trash fish' as possible. By so doing it will give the bass, pickerel and other worthwhile fish a greater opportunity to develop and grow. We also hope to have more pickerel stocked in the pond after the salvage job has been completed.

"In order to promote good sportsmanship, and at the same time help to combat juvenile delinquency, we have undertaken a youth program that includes classes at the Arlington Boys' Club in such activities as fly tying, fly casting, bait casting, wood work and printing. The boys that attend these classes are showing real interest and they will truly become real sportsmen a few years hence.

"In addition to these classes, next spring we will again sponsor the Youth Fishing Derby. Last spring over five hundred boys and girls took part in this event and won many fine prizes. The Derby was acknowledged to be the finest of its kind ever held in the state by such outstanding sports writers as Pat Harty of the Boston Globe, Bill Liston of the Boston Post and Tap Goodnow of the Boston American. We intend to make the Derby next spring even better and ask all the good people of Arlington and nearby cities and towns to help us achieve our goal.

"We extend a cordial invitation to the hunters and fishermen of Arlington to join our organization. All we ask or expect of our members is that they attend as many of our meetings as possible and take an active part in our program. Our next meeting will be held at the Arlington Boys' Club on January 14 at 7:30 p.m. Why not plan to join us then?"

"The Spy Pond Rod and Reel Association will be pleased to have members of its Public Relations Board appear before any church, civic or fraternal group to more fully explain its aims and program. A card addressed to me at 60 Pond Lane, Arlington will bring prompt response."

Yours truly,

Joseph Donnelly
President, Spy Pond Rod
& Reel Association.

Sally Ruth Kolligian Is Engaged To Wed

On December 14th, Mrs. John Kolligian of 64 Winchester Rd., Arlington announced the engagement of her daughter, Sally Ruth, to Mr. George A. Goolkasian, son of Mr. and Mrs. George Goolkasian of 51 Lockland Ave., Arlington.

Miss Kolligian is a graduate of the Katherine Gibbs School and Mr. Goolkasian was graduated from the Massachusetts College of Pharmacy. He served 2½ years in the Air Corps in World War II.

Miss Kolligian is the daughter of the late Mr. John Kolligian of the Union Motor Sales Inc., of Somerville.

40 Hour Week Begun At Symmes

Ernest W. Davis, president of the Board of Trustees of the Symmes Hospital, has announced that all departments of the hospital began a 5-day, 40-hour work week effective January 4.

A number of circumstances brought about the change in the hospital work week, which has been 5½ days for the past years. Mr. Davis stated, foremost was a re-imbursement to the existing hospital personnel for their interest and assistance through many short-fuses of help in the past, plus the hope that the shorter work week would attract additional personnel to the local hospital.

The present hospital employee group, said Mr. Davis, has been especially co-operative in volunteering to do additional overtime work until such time as the new program is well established. This in itself exemplifies the interest of the present hospital family to render the very best possible service to hospitalized patients, he added.

All salaries on the new schedule were adjusted so that no loss of income was sustained by any employee, Mr. Davis explained.

Wedding Pending

Mr. and Mrs. Horatio W. Lamson of 72 Oakland Avenue announce the engagement of their daughter Sybil Halcyone to George L. Hamling, son of Mr. and Mrs. James Novroy of Pittsburgh, Pa.

Miss Lamson was formerly secretary to the advertising director of the Boston Post and is now secretary to the superintendent of the composing room of the Boston Globe. Mr. Hamling has just finished a five year tour of duty in the Pacific and North Atlantic with the Navy. He is employed by the J & L Steel Company in Pittsburgh.

No date is set for the wedding.

WASHINGTON "NEW DEAL"

One thing is sure about the Eisenhower administration—it will be very different indeed from anything the country has known for 20 years. The Cabinet appointments are excellent indications. The tone of the Administration will be conservative. The top men will be experienced, practical, and business-like. They will be strong administrators and they will demand results. All along the line, the emphasis will be on more economy and less red-tape in the conduct of governmental affairs.

In most departments reorganization will be thorough-going. This will be especially marked in the State Department. John Foster Dulles is vitally concerned with getting rid of the left-wingers and the weak sisters. His policy will be unequivocally anti-communist, in deed no less than in word. The Kremlin can expect no concessions, no signs of weakness. Like his chief, Mr. Dulles believes that the policy of containing Russia, as pursued by Mr. Truman and Secretary Acheson is both unworkable and negative. A much clearer and more positive policy will take its place. As U. S. News & World Report put it, "U. S. in world affairs, will get off the defensive, take the offensive. An end is coming to a policy of drift. Fear of Russia no longer will influence U. S. actions. There'll be no hesitation to put U. S. interests first in world dealings."

In domestic affairs, the Eisenhower Administration will be against the government-should-do-everything concept that so largely characterized the Roosevelt-Truman Administrations. The appointment of Governor McKay of Oregon to the very important Interior post shows the direction that particular wind is blowing. McKay is a home-rule man, who puts local rights and responsibilities first.

Secretary of the Treasury Humphrey is expected to be a very tough man with the taxpayers' dollars. His primary goal will be a balanced budget, to be followed by tax cuts at the earliest possible time. And Secretary of Defense Wilson, coming from one of the biggest jobs in industry, will demand maximum result from every dollar the military people get.

It is forecast that President Eisenhower will effect some significant changes in the method of running the Executive Branch. He will probably inaugurate something comparable to the staff system which is used in the military forces. Governor Adams is being given a job which amounts to assistant President, and he will have wide powers. The point is to relieve the President of some of the tremendous burdens of detail that are part of his office, and leave him freer to deal with broad policy. That will probably happen in the departments too. It was reported, for instance, that Mr. Dulles told the President-elect that he did not want the State portfolio unless he could turn over certain responsibilities to capable assistants, and largely confine his own work to policy matters. General Eisenhower, it is said, fully approved.

Finally, it is plain that the next Administration will not be one which is loaded with personal friends and political associates of the President. Some of the incoming Cabinet members know the President-elect hardly at all. They were chosen for one reason only, so far as anyone can see—the reason being that they seemed the best available men for their respective jobs.

Letters to the Editor

Dear Sir:

I wish to announce my candidacy for Trustee of Robbins Library for a term of three years. I have served as a Town Meeting member in Precinct 6 and at the present time am serving in this capacity in Precinct 5.

I am a graduate of the University of Notre Dame School of Commerce, class of 1942, majoring in finance. Upon graduation, I served three years in the United States Navy as a lieutenant in the amphibious force, participating in both the European and Pacific theatres. I am presently furthering my education at Boston University Evening School of Commerce, doing post graduate work.

My present employment is with the U. S. Fidelity and Guaranty Insurance Company as special agent.

I am married to the former Geraldine McCarthy, am the father of three children, and reside at 39 Fremont Court, Arlington.

Respectfully submitted,
Hugh A. Mallon, Jr.

Country Health Assn. Discusses Vein Ills

As part of its policy of issuing health information and so improving the health of county residents, the Middlesex Health Association released the following article on varicose veins recently.

"People go to the doctor for a variety of reasons, the most common, of course, being pain and discomfort, but sometimes the motive is primarily one of vanity. For example, many people are checking with their doctors these days at the first appearance of varicose veins, principally for reasons of appearance. Varicose legs are unattractive, with enlarged, bluish veins swelling above the surface of the skin, sometimes in lumpy masses. The veins, whose walls have lost their elasticity, may occur anywhere in the body but are most common in the legs.

"There is a reason why the legs are affected most frequently. When a person is standing, blood pressure in the long veins of the legs is increased and the longer a person stands, the greater the strain on the leg veins. Prolonged walking, standing, or sitting, therefore, stand motionless a great deal of the time—frequently suffer from varicose veins.

"The function of veins throughout the human body is to carry the blood back to the heart. Most of these veins are equipped with valves which keep the blood from flowing back or settling in the veins. When the valves no longer function properly because of injury or disease, blood that should be circulating becomes a stagnant

pool in the vein and a "varicose vein" results.

"Varicose veins are rarely fatal but if they are neglected they get progressively worse and cause the sufferer more and more pain. Anyone who suspects the veins of his legs are enlarging, whether or not there is pain, should see his doctor without delay. Prompt medical treatment will bring the patient relief, probably help correct his varicose conditions, and help ward off more serious complications of varicose veins, like ulceration and bleeding.

"As far as we know, varicose veins cannot be prevented, but certain precautions can be taken against their development. Tight, circular garters which constrict the veins of the leg should be avoided. Overweight, which places a strain on other parts of the body, also puts an extra burden on the leg veins and their delicate valves and hence should be avoided. Those whose work calls for standing a great deal should get off their feet for short periods as frequently as possible.

"Varicose veins are common, but they should never be regarded lightly. Besides the pain and discomfort they cause in the region of the legs, they constitute a hindrance to normal circulation. The doctor is the best person to treat this detriment to health and personal appearance."

Eisenhower Urges Nation Support March of Dimes

President-elect Eisenhower meets 1953 March of Dimes poster girls Pamela (left) and Patricia O'Neil, of Raleigh, N. C.

NEW YORK CITY—President-elect Dwight D. Eisenhower called on the American public to support the 1953 March of Dimes being conducted throughout the nation during all of January.

He joined in the annual appeal after meeting the two Raleigh, N.C., sisters who are pictured on the 1953 March of Dimes poster. They are Patricia, 6, and five-year-old Pamela O'Neil, both of whom were stricken with polio but now are recovered completely. "It's hard to believe that these are the same little girls whose pictures are on the March of Dimes poster," he noted. "Now

they're completely recovered from polio, thanks to the generosity of the American people."

He urged all Americans "to help the others like them by joining the March of Dimes."

Later, he joined the poster girls in making a short film which is being shown by television stations throughout the nation.

This year's March of Dimes follows the all-time record polio epidemic of 1952 in which more than 55,000 were stricken. At the beginning of 1953, there were 58,000 polio victims of former years still undergoing treatment, with financial help from local March of Dimes chapters.

PLAYGROUND DOINGS

Skating

Skating areas are being maintained by the Board of Park Commissioners at Hills Pond in Menotomy Rocks Park and at Meadowbrook, located behind the cemetery on Mystic Valley Parkway. These large areas will be maintained daily when skating is possible. Residents are urged to contact the Park Department office, AR 5-3156, for reports on ice condition. Floodlights will be turned on until 10:00 p.m. on evenings when there is safe skating.

In addition to these two large areas, rinks for smaller children are maintained, weather permitting, at North Union wading pool and the multi-use areas at Robbins and Medford Playgrounds.

Indoor Golf School

The Board of Park Commissioners will begin a program of indoor golf instruction during the weeks of January 12th or 19th. Advance registration is required for attendance at these classes.

Jahny Thoren, golf professional at Myopia Country Club and well known as a tournament golfer, will be the instructor at these sessions. Mr. Thoren has become famed for his ability to instruct both the beginner and the above-average golfer.

Any person wishing to participate in the classes, which will probably be held on Monday, Tuesday, Wednesday and Friday evenings, is asked to contact the Park Department office by telephone or letter. Registration fee will be 50 cents per lesson or six lessons for \$2.75. We urge all residents to register early. The indoor golf program is one of the most popular programs conducted by the department.

High School Basketball

This basketball league, coordinated by the Park Commission, participated in a Rules Clinic held by George Lowder, coach of the High School Varsity team, Friday evening, December 26th. The clinic climaxed a month of practice by the eight teams in the league.

The season schedule has now started with games being played on Monday, Tuesday and Friday evenings at the Junior High West and also on Friday evenings at the Lowe Auditorium. Team entries in

the High School League are as follows:

Arlington Aces	St. Agnes Rams
Czars	St. Agnes Crusaders
Pistons	First Baptist
Crusaders	Huskeys
	Immacoons
	Boys Club

Adult Basketball League

This league consisting of eight teams will begin its schedule on Wednesday evening, January 7th, at the Junior High West gymnasium. Four games are held on each Wednesday evening at the gym.

Teams in the Adult Basketball League are as follows:

Foster A.C.	Algers
First Baptist	Draftees
Huskeys	Alumni
Immacoons	Shirley A.C.

Badminton

The badminton program which was canceled during the Christmas holiday season will resume on Tuesday, January 6th, at the Lowe Auditorium, Arlington High School. This program will be conducted every Tuesday evening at this location with both racquets and balls provided at a minimum cost by the Park Commission. Mr. Arthur Wells supervisor of the program is available to instruct beginners in this sport.

Bowling Leagues

The Adult Bowling Leagues schedules having been interrupted by the holiday season will continue to bowl on Tuesday and Thursday evenings at the Recreation Alleys in Arlington Center.

In recent standings of these leagues, the Kennedy A.C. is leading in the National League, with the Ramblers leading in the American League. The bowling season to date has found many changes in the leadership of these leagues with neither top team being at all sure of holding the lead during the coming weeks of bowling.

Johnnie Donovan is leading the league with a high season average of 104.7 for 39 strings. Last year's champion, Johnnie Gurich is second with an average of 104.3, followed by Bill Atamian with an average of 104.2. Eleven bowlers in the league have maintained an average of over 100 since the start of the season.

Bill Atamian holds the high single of 155 points with the high 3 strings being held by M. Zides with 375 points.

Boys' Club Ends Biggest Year

December 31 wound up the biggest year of the Arlington Boys' Club's 16 years of service to the community. The A. B. C. is Arlington's largest Red Feather youth agency.

Enrollment files at the Pond Lane clubhouse, says Director James Sumner, showed that a total of 1433 different youngsters registered during the 12 months of 1952. The figures show an increase in boys under 16 years of age, he said.

Activities at the club included greater use of the bowling alleys, gymnasium, and games rooms, classes in plaster molding, woodwork, ceramics, fly tying and fishing skills were all well patronized. New types of classes are scheduled to start early in 1953.

The summer program, declared Sumner, included the eight-week season at Camp Wing in Duxbury and during July and August, 135 A. B. C. members enjoyed at least two weeks in camp. The club's day camp operated a seven-week schedule of five days per week, allowing 218 boys to enjoy an opportunity for guided recreation in and around the Greater Boston area. The club also played a big role in the success of the Little League here in Arlington.

Special events of the year that commanded great interest and attendance included parents' dinners, a fishing derby, a pet show, an Easter egg hunt, and Halloween and Christmas parties. Weekly movies on Friday nights, plus a Wednesday afternoon educational film show, also were big favorites.

Said Director Sumner, "Many individual townfolk and almost all the better-known civic, service, and fraternal organizations should be proud of the progress of the Boys' Club because their support made much of the progress possible."

Concert Given Tuesday

On Tuesday evening, January 6, Robbins Library presented its first recorded and commented program of the New Year. The program included Mendelssohn's Violin Concerto and Beethoven's Sonata No. 32, op. 111. John Bartlett of Arlington was the commentator.

It is understood that M. Norcross Stratton has decided against entering the competition for the job of Selectman and will run instead for the School Committee.

Arlington Couple Wed In November

Elaine J. Hart, daughter of Mr. and Mrs. Francis C. Hart of 62 Alpine St., was married Nov. 8, 1952 in St. James Church, to Richard J. Ring, son of Mr. and Mrs. John D. Ring of Arlington. The ceremony was performed by Rev. George Brennan, pastor.

Mrs. Nancy Mae Morrison, cousin of the bride, was the soloist, while Benedict Fitzgerald was the organist.

The bride was given away by her father, and her four sisters were her attendants, Miss Margaret Hart was maid of honor, and bridesmaids were Mrs. Janet Smith, Mrs. Mary Lou McCarthy, and Miss Lois M. Hart. Ushers were William Regan of Arlington, Paul Harris of Watertown and Charles Raffi of Medford.

The bride's gown of ivory satin and lace had a long train. Her finger-tip illusion veil was attached to a headpiece of rosepoint lace and had been worn by her mother and two of her sisters. She carried a bouquet of Eucharis lilies and feathered carnations.

The maid of honor wore an aqua gown of satin and nylon net with satin bows. Bridesmaids' gowns were identical in gorgeous shades of honey, cotton blue, and shrimp. All carried crescent-shaped bouquets of pink carnations.

The bride's mother wore a rose crepe gown with hat and gloves to match and a purple orchid. The groom's mother wore a blue crepe gown with pink hat and gloves and wore a white orchid.

A reception followed at the Oval Room, Sheraton Plaza, Boston. Mrs. Richard Hart of Arlington, was in charge of the guest book.

Both bride and groom are graduates of Arlington High School. The groom, in the Army for 2 years and a graduate of Boston College, is an accountant in the Boston Edison Co.

After a trip to New York and Washington, they established their residence at 63 Stockton St., Dorchester.

The bride was a secretary in a Boston law office and former secretary and treasurer of the Junior Philomatheia Club.

A petition for Town Meeting member of Precinct 3 is being circulated for Alfred E. Ameda, 106 Grafton St. Mr. Grafton is connected with the M. T. A. of Boston and has expressed an earnest desire to assist in helping progress in the Arlington district.

Three Receive Highest Scout Awards

The above trio of young men received their Eagle Scout awards on Monday, December 29 at Parents' Night, held in Pleasant St. Congregational Church. They are William Squires, Stanley Masters, and Richard Mardigan. Presenting the awards is Dr. Ralph B. Lancaster, vice president of Sacrament Council.

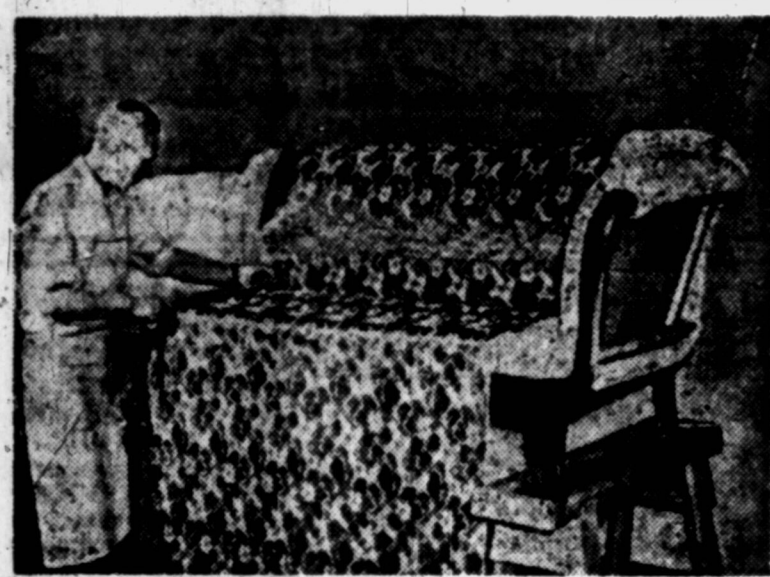

Candidates for the job of Selectman may be interested to know of—and to attend—a meeting which will be held in the Watertown Town Hall on Sunday, January 18. It will be for the purpose of discussing a proposed incinerator, tentatively planned to be built near the Watertown arsenal. Time of the meeting is 2:30.

News of the

P.T.A.

BRACKETT

The timely subject "Television for Children" will be presented to the parents of Brackett School by the well-known educator Edward D. Densmore on Tuesday, January 13th at 8 o'clock.

Mr. Densmore, a director at the Belmont Hill Lower School, has done extensive work with young children here in America and abroad. Valuable information will be given to parents to help them formulate and evaluation of television.

Refreshments will be served by third grade mothers under super-

vision of Mrs. W. H. Stevenson and Mrs. E. E. Lewis.

HARDY

"Woodland Fears—Red or Imaginary" will be the subject of Gilbert E. Merrill's talk at the Hardy P.T.A. meeting on Tuesday, January 13 at 8:00 p.m. The program chairman, Mrs. William Drebert, will introduce Mr. Merrill, who is assistant director of education at the Boston Museum of Science. As visual aids to his talk he will bring three live specimens from the museum.

There will be community singing and a short business meeting.

Pageant Of Lights

The Young People's Fellowship of St. John's Episcopal Church will present its annual "Pageant of Light" on Sunday evening at 7:30. The program will be held in the church, at the corner of Pleasant St. and Lombard Rd.

Couple Plan To Marry

Mr. and Mrs. Edward A. MacKay of Arlington announce the engagement of their daughter, Barbara Ann, to Arthur Joseph O'Donnell, Jr., son of Mr. and Mrs. Arthur J. O'Donnell, also of Arlington.

Miss MacKay graduated from Arlington High School, attended Chandler School for Women, and is now employed by the Harvard University Graduate School of Business Administration. Mr. O'Donnell graduated from Arlington High School and is serving with the United States Navy.

No immediate plans for the future have been made.

Joan Elizabeth Benshimol, who was born on November 30 to Mr. and Mrs. Edward Benshimol (Thelma Whitman) of 827 Massachusetts Ave., was brought home on Sunday from Richardson House, Boston Lying-in Hospital.

Her grandparents are Mr. and Mrs. Ernest Benshimol of 15 Shore Rd. and Mr. and Mrs. S. M. Whitman of 827 Mass. Avenue.

New Chevrolet Viewed Friday

A new Chevrolet that will create "entirely new conceptions of automotive beauty and performance" was promised today by John Mirak, of Mirak Chevrolet, Inc.

Mr. Mirak made his statement following a meeting with company representatives in Boston, where 1953 plans were revealed to an enthusiastic audience of dealers from this area.

"When we were invited to attend we were told that this would be one of Chevrolet's most important business conferences," he said. "This was conclusively borne out by developments. Not only were we shown the most exciting product in my experience as a dealer, but the speakers made clear that the company through its newspaper advertising and promotion, would give the model unprecedented backing."

"A company with the marketing knowledge of Chevrolet does not reinvest the tremendous capital required for a program of this nature unless it is firmly convinced of sound sales possibilities," he said. "It is apparent from the product that the largest automobile company in the world is anticipating one of its biggest years in 1953."

The date for showing the new Chevrolet being this Friday, Mr. Mirak has his showroom ready and waiting. He is confident that interest in the new model will draw record-breaking crowds.

Italo-American Meeting

Daniel A. Rossano of Bradley Road and Leo M. Pistorino of Edgell Road, both of Arlington, are members of the executive council of the Italian-American Charitable Society, which is holding an open meeting to which ladies and friends of the members of the society are cordially invited. It will be held on Tuesday, January 13th at 8:00 o'clock in the New England Mutual Hall.

Topic of the meeting "The Economic Outlook in Massachusetts for 1953."

Until the 18th Century, sugar was considered a luxury item and a medicine. Queen Elizabeth of England was first to introduce sugar into her domestic household as an article of diet.

News

Of The Armed Forces

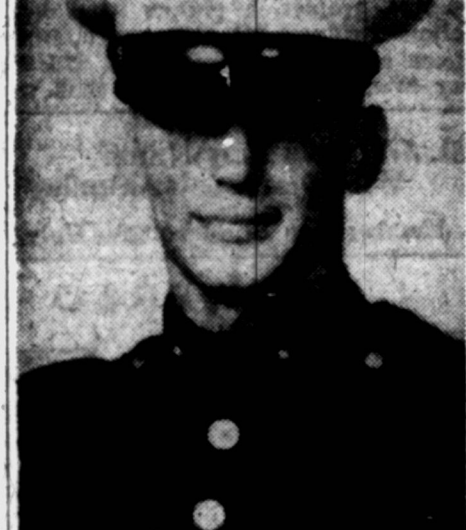

Pfc. Richard E. Gahm, son of Mr. and Mrs. Joseph H. Gahm, 48 Silk St., recently spent five days in Japan on a rest and recuperation leave from the 2d Infantry Division in Korea.

The vacation was part of the Army's policy of giving periodic rests to soldiers in the combat zone. Luxurious "R and R" hotels are located throughout Japan to accommodate the veterans.

Gahm, a wireman in his unit, entered the Army in November 1950. He joined the division last July.

Albert W. Held, Jr., aviation electronics technician second class, USN, son of Mr. and Mrs. Albert Held of 32 Cornell St., is serving aboard the attack aircraft carrier USS Oriskany with Attack Squadron 923.

Marine Private First Class Edward J. Branscombe, son of Mr. and Mrs. Charles L. Branscombe of 41 Crescent Hill Ave., recently completed his recruit training at Parris Island by receiving a promotion to his present rank. He won the silver badge of Marine marksman with the Garand rifle and studied military subjects and field tactics.

other targets in the combat zone. When not on missions of this type, they lend a helping hand to the Army and Marine ground troops by bombing and strafing the enemy's front line positions.

Ensign Donald G. Hardy, son of Mr. and Mrs. George H. Hardy of 92 Rawson Road, has been assigned to minesweeper U.S.S. Shoveler and will be stationed at Long Beach, California. Ensign Hardy received his commission in June after graduating from Tufts College. He has been on active duty since October 4th and attended the School of Mine Warfare at Yorktown, Va.

After a short leave spent at home Hardy started across country on December 31, visiting many points of interest enroute. His uncle, Robert B. Cheney, an instructor at M.I.T., accompanied him.

Speakers At Hts. Baptist

Services at the Heights Baptist Church for the next three Sundays, with the exception of next Sunday evening, will be conducted by Rev. Frank T. Latorin, S.T.D., of Gordon Divinity School.

Next Sunday evening, the speaker will be Rev. Roger R. Nicole, Th.D., also of Gordon Divinity School and well-known among churchmen.

This is a rich opportunity to hear two outstanding speakers.

Owners Are Our Best "Salesmen"!

NEVER in our most enthusiastic moments could we tell all the wonderful things about Nash as forcefully as do Nash owners. And the more they travel—the more they rave.

Read these unsolicited reports about Nash. Better yet, drive a new Golden Airflyte... the Ambassador, Statesman or Rambler.

"TAKES A BACK SEAT TO NONE"

"I have driven my 1952 Nash Ambassador 12,000 miles... my sixth Nash and by far the best." ELMORE H. LEU, Fond du Lac, Wis.

"30,000 MILES... \$9.32 REPAIRS"

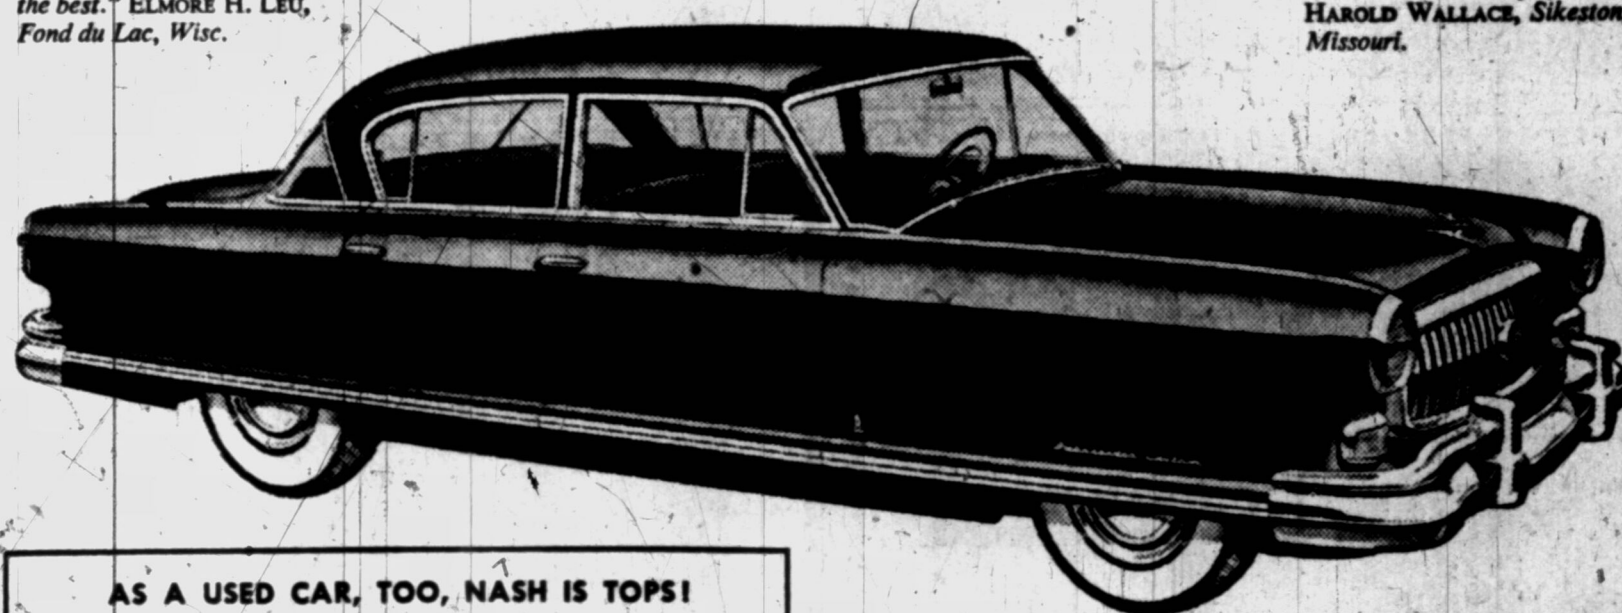

"After 30,000 miles, repairs on my Nash Rambler totaled only \$9.32." G. DARWIN KITCHEN, Huntington, W. Va.

"32.3 MILES PER GALLON"

"On a 275-mile trip at 50 miles-an hour I got 32.3 miles per gallon." MARGARET ANKERSEN, Beloit, Wis.

"CAN'T BE BEAT"

"I have owned 14 Nash cars... for all kinds of driving they can't be beat." Chief of Police, HAROLD WALLACE, Sikeston, Missouri.

AS A USED CAR, TOO, NASH IS TOPS!

Here's what used car dealers and auctioneers say:
"The 'hottest' car on Used Car Lots." O. K. AUTO AUCTION, Cleveland, Ohio.

"We operate one of the largest dealers wholesale auctions in the world... the Nash line is always in demand." WITTS' AUTO AUCTION, Decatur, Illinois.

Arlington "Braces" Shown

Window displays have been set up by the Arlington March of Dimes in several local store windows in Arlington Center during the past week. Leg and chest braces that have been worn and used by Arlington youngsters are on display. The displays are worth seeing and are enlightening to persons who have not had a direct contact with "polio."

Card of Thanks

The family of the late Michael Reddan wishes to express our deep appreciation for the fine tribute paid to him by the Arlington High School Departments, and the Arlington School Committee. Also to thank our friends, and neighbors for the flowers and spiritual bouquets in our recent bereavement.

Your Income Taxes

by

James R. Capavan, C.P.A.

This is the first of a series of eight articles on Federal and State income taxes distributed by Boston Chapter of the National Association of Cost Accountants.

Who must file a Federal tax return?

A Federal tax return must be filed by every individual who has taxable income of \$600 or more during a taxable year.

Has my Federal income tax increased very much?

You will pay approximately 9% more in 1953 than you did in 1951. If your tax for 1951 was \$350, your liability in the same income for 1952 will be approximately \$381; if your tax for 1951 was \$600, your liability for 1952 will be approximately \$653.

How is my tax determined?

Your tax liability is computed by applying the following formula:

Gross income
Less—adjusted gross deductions
Adjusted gross income
Less—other deductions
Net income

Less—exemptions
Income subject to tax

The tax rates are applied to the income subject to tax. Each item in the formula will be explained in this tax series.

What is "gross income?"

Gross income is taxable income. It includes compensation for personal services, income from a business, interest, rents, dividends, profits from the sales of property, and income from any other source unless exempt from tax.

What is meant by "exempt income?"

Exempt income is income which does not have to be included in computing your tax liability. It includes such items as the following:

1. Interest on state and municipal obligations.
2. Accident insurance proceeds.
3. Benefit payments to veterans under the G.I. Bill.
4. Combat pay for enlisted members of the armed forces (limited to \$200 per month for officers).
5. Group life insurance premiums paid by your employer.
6. Gifts and inheritances.
7. Life insurance proceeds paid as a result of death.
8. Old age and survivors' benefit payments under the Social Security Act or the Railroad Retirement Act.
9. Certain stock dividends.
10. Supper money paid by your employer.
11. Unemployment benefits.
12. Veteran's disability benefits.
13. Payments received under Workmen's Compensation Acts.
14. Dividends on National Service Life Insurance.
15. Allowances to dependents of servicemen.

Mr. and Mrs. Bertram E. Foust of 78 Chandler St. announce the birth of a son on October 7, Mrs. Foust is the former Patricia Long. Local grandparent honors go to Mr. and Mrs. George W. Long of Arlington.

Your favorite fragrance... now lasts and lasts and lasts!

the touch of luxurians
Queen's Ransom
Cologne by
HERB FARM SHOP

that thrills!
a light touch... so subtle, temples, behind the ears... (to scarves and stoles, too!)
And you'll be thrillingly fragrant, from cocktails through a theatre evening... with this regal scent... brilliant as diamonds... ever-fresh!
